

IMPORTANT COVID-19 UPDATES!

Dear MAG Family & Friends,

We are truly grateful to the Lord, that things are now finally turning around! In light of the recent changes, we want to report that NJ Governor Phil Murphy has recently announced the 'Removal of COVID-19 Restrictions' including, "Lifting Indoor Mask Mandate" and "Social Distancing Requirements," effective Friday, May 28th. Although the indoor "Mask Mandate" is now being lifted, we encourage those that are not fully vaccinated to continue wearing your masks, but it will be up to the 'individual' to decide for themselves if they or their family members 'will' or 'will not' wear a 'face mask.'

I want to appreciate, 'All' the staff and volunteers for their participation and cooperation in these last 15 months. A few things that we want to communicate to everyone concerning the changes to expect as we pray you will "join us" in the coming weeks.

- First, starting on Sunday May 30th "all contact tracing" will stop, as we are no longer required to do so.
- Second, as a courtesy to others, we ask those that are attending in-person service, that you & your family members have been 'symptom-free' or have not recently been in close contact (as defined in the CDC guidelines) with a 'known' individual who has contracted COVID.
- Third, we will no longer be required to follow the "Social Distancing" six feet apart as CDC guidelines.
- Fourth, all seating shall be "open" on a "first-come" basis"!

We appreciate your cooperation in helping us to continue making our services safe and healthy for all to attend! Further updates, regarding our nursery staffing and services will be announced. Our online 'services' will continue 'live' broadcasting every Sunday. We look forward to seeing you this Sunday, May 30th or in the near future!

In Christ's Love,

Pastor Greg & MAG Leadership Team
